Workshop HPC

This repo contains all the documents, scripts and data files used in the workshop HPC for researchers affiliated to Utrecht University. The workshop consists of 2 hands-on sessions of 4 hours each. If you want to organize this workshop for your research group, send us an email with subject HPC Workshop

The next workshop sessions are scheduled for researchers of IRAS on Januari 11 and 16, 2019. Sign up for this workshop before December 11, 2018 by sending an email to Mariana Simões.

Follow this link for full description of objectives and contents of the workshop
